Subject: Portland Harbor - EPA Direction on Remedial Investigation Report

Bob and Jim – I am pleased to provide you with EPA's comments and direction to produce the draft final Remedial Investigation report. Attached to this email is the letter and direction documents. I will send all the other enclosures to Jen Woronets for distribution to the LWG unless I hear from you that another means of delivery is required. Please post these enclosures on the LWG portal within 3 days so others may have access to them. Let me know if you have any questions, concerns, or require clarifications on any of the comments and direction provided. Consistent with the AOC, the LWG has 30-days to provide the draft final RI report to EPA, which is May 27, 2015. We look forward to reviewing this deliverable for final approval.

Regards,

Kristine Koch
